- lyrics -

# WERISEAGAIN

Oh

We are gonna reignite the flames

This is the moment

We are gonna rise above again

Won't stop now

Now that we've traveled this far

Kings with a crown

We're going for the gold and we're not  
backing down

We rise above

Climb to the top

We're flying high

We rise again!

We rise above

Climb to the top

We're flying high

We rise again!

# TAKEME HIGHER

So what you say  
Girl can you move your body  
Can you take direction  
Go down now back up on it  
Can you limbo  
High-bar I see her flossing  
Smile and fat ass  
Oh yeah She got me watching

Now she got me tossing turning oh  
yeah saying no worries  
We can take off any time said baby  
girl no hurry

So let me know  
Yeah what you're trying to do Before  
We get up girl  
There's an answer I need from you

Take me up up up baby  
Tell me Now girl  
Can you take me Higher  
So tell me Now girl

Can you take me higher  
Tell me Now girl  
Can you take me Higher  
So tell me now girl  
Oh babe can you take me higher

Shawty what's up  
Do your dance seen you bopping tell  
you  
My intentions  
Don't worry nobody's watching  
As we two step  
Get low go back then back up on it  
Escalator  
Girl how low can you walk it

Now she seen me flash them keys  
she said oh babe let's hurry  
Got the penthouse to ourselves so  
baby girl no worries

So let me know  
Yeah what you're trying to do Before

We get up girl  
There's an answer I need from you

Take me up up up baby

Tell me Now girl  
Can you take me Higher  
So tell me Now girl  
Can you take me higher  
Tell me Now girl  
Can you take me Higher  
So tell me now girl  
Oh babe can you take me higher

So one question to you  
Can you take me higher

# SUPERLADY

Butterfly in the night  
Alone she may seem, so divine  
They don't know in her eyes  
A fire ignites, every time

Haters gon' hate, say what they say  
They ain't got nothing on you

SUPERLADY do your thing  
You're the Queen, don't need no King  
Take the throne, all on your own  
Lady, you're the one

Bright as gold  
Stronger every day and night  
Always grindin'  
No definin'  
Independent in every way

SUPERLADY do your thing  
You're the Queen, don't need no King  
Take the throne, all on your own  
Lady, you're the one

Girl you know  
SUPERLADY spread your wings  
You can conquer anything  
Take the world into your hands  
Lady, you're the one  
Yeah girl, it's you

SUPERLADY do your thing  
You're the Queen, don't need no King  
Take the throne, all on your own  
Lady, you're the one

Yeah you're a SUPERLADY  
You don't stop  
Girl you're so super  
Give yourself a round of applause  
Come on and clap your hands  
Girl you're so super  
You're the one girl  
Yeah it's you

## READY4LOVE

出逢ってまだ そんなにだけど  
横顔見る度 ドキドキしちゃう  
そんなピュアで 忘れてた気持ち  
理由なんていい 君が欲しい

I'M READY FOR YOUR LOVE  
さあ ビートにゆだねて  
I'M READY FOR YOUR LOVE  
ずっとしようよ  
I'M READY FOR YOUR LOVE  
そう 踊り出すMY HEART  
なんだか懐かしい感情

I'M READY FOR LOVE  
感じる 恋の始まりを  
I'M READY FOR LOVE  
君となら きっと、、、  
I'M READY FOR LOVE  
感じる 恋の始まりを  
I'M READY FOR LOVE  
君となら きっと、、、

もう2度と恋したくないって

でもなんだか いつもと違う  
もう一度 信じてみようよ  
愛のPOWERを もう怖くない

I'M READY FOR YOUR LOVE  
今なら これなら  
I'M READY FOR YOUR LOVE  
ずっとしようよ  
I'M READY FOR YOUR LOVE  
そう 踊りだすMY HEART  
なんだか懐かしい感情

I'M READY FOR LOVE  
感じる 恋の始まりを  
I'M READY FOR LOVE  
君となら きっと、、、  
I'M READY FOR LOVE  
感じる 恋の始まりを  
I'M READY FOR LOVE  
君となら きっと、、、

I'M READY FOR YOUR LOVE, MY  
BABY

I'M READY FOR LOVE

感じる 恋の始まりを

I'M READY FOR LOVE

君となら きっと、、、

I'M READY, I'M READY

FOR YOUR LOVE

BABY COME CLOSE TO ME.

# ASIANLOVER

"したくてたまらない"

冷めた 嘘でいい

See her walk dress and all

Confident and ready to lie

ベトベト 君を

"イジメテミタイ"

Look at that bitch she's so hot

Licking her red velvet lips

Fixing up her cleavage

Long legs walking towards me

Oh, God I'm burning

One more shot and I'm drunk

See 'em talk faking love

Finding her way with pain through

the crowd

"赤い実" うずく

膨れて 壊れそう

Just pretending

"Sorry I'm lost, can't find my way

from here"

Licking her red velvet lips

Fixing up her cleavage

Long legs walking towards me

Oh, God I'm burning

One more shot and I'm drunk

## BACKTOME

I know that it's been a while  
And I know that it's been a while  
Since we talked now, since we talked  
now  
And I know that is been a while  
And I been haven't seen you smile  
In a grip now, it's been a minute now,  
now

And I know that it's been a sec  
Just give me a chance, we can make  
it last  
That what it is now, it's what it is now  
And I know I did mess you around  
I did you wrong, let me make it right

Now I'll be waiting my life long  
Guess you never know what  
You got til it's gone

Give it to me baby  
Come close to me..  
Never let you down

Come close to me..  
And never ever go away  
Give it to me baby  
Come close to me..  
I'll be waiting for you to come back  
to me

Everyday I need you  
Everynight I miss you  
Everytime I want you  
Oh, listen to me baby  
I've changed for better  
I promise you now my love is true

# MYAUTUMNMYLOVE

It's a cool November day, it's about  
to rain

but all i can think about is you yeah  
I open my eyes, for what feels like  
the first time

oh woah as the rain starts to fall  
the wind starts to blow, I miss you  
you know

yeah, please baby just hear me out  
because

If you'd be my fall, then I'd be your  
spring  
I'd melt the cold and keep your heart  
from freezing

If you fell down then I'd bring you  
back up

As long as you would be my autumn  
my love

The frost it covers my windowsill  
And cold is how you look at me still,  
still

Please just give me one chance,  
chance

And I'll prove to you that I can, can  
Warm you up baby, so that you could  
see

How nice a warm embrace can feel

Cus if you'd be my fall, then I'd be  
your spring  
I'd melt the cold and keep your heart  
from freezing

If you fell down then I'd bring you  
back up

As long as you would be my autumn  
my love

# YESWECAN

I know we all just wanna be the best we can  
Not too many people say yes we can  
I know we all just wanna be the best we can  
So let me be the one to say YES WE CAN!

# MY MISSING PIECE

I've heard of a song before  
You and I were children of the moon  
until

One day an angry Zeus decided to  
split us up  
We were left as halves and that was  
when

When we learned what love was  
through the pain

I need to find my missing piece  
Cause without you, I'd never be  
complete  
And if I could find you once again  
I'd never let you go  
I'd never let you go

If I looked into your eyes  
Would I find the memories we've lost  
to time?

Remember we were united at the  
heart and core  
I know we share the same pain inside  
And it's never ever been the same

I need to find my missing piece  
Cause without you, I'd never be  
complete

And if I could find you once again  
I'd never let you go  
I'd never let you go
